Project No. 34.1033

- 1. Attached hereto is Project No. 34.1033, Implications of the Planned Expansion in the Soviet Machine Tool and Metal-Forming Machinery Industries.
  - 2. This project accomplishes the following objectives:
    - a. Projects estimates of Soviet Machine Tool production through 1960 and discusses these in relation to estimated production of metal-forming equipment.
    - b. Compares Soviet planned output of the metal working equipment with US production.
    - c. Discusses the implications of these projected trends in terms of Soviet ability to produce military bard goods.
- 3. The draft needs additional editing which D/I has been unable to provide owing to the NIS program. It represents a real contribution to our knowledge of Soviet industry and, after editing, its publication is recommended as an IM.
